

## Final Program

### FASEB Summer Conference: Lymphocytes and Antibodies

June 8-13, 1996

#### Session 1: Molecular Aspects of B cell Differentiation

Session Chairperson: Fred Alt, Harvard Medical School

Speakers: Marjorie Oettinger, Massachusetts General Hospital  
Tony Pawson, Samuel Lunenfeld Research Institute,  
Toronto, Canada  
Kees Murre, University of California, San Diego  
Ursula Storb, University of Chicago

#### Session 2: Lymphocyte Activation and Tolerance

Session Chairperson: Jeffrey Bluestone, University of Chicago

Speakers: Doreen Cantrell, Imperial Cancer Research Fund, London, England  
Mark Jenkins, University of Minnesota  
Larry Samelson, National Institutes of Health  
David Lo, Scripps Research Institute

#### Session 3: Pathways of Cytokine Activation

Session Chairperson: Warren Leonard, National Institutes of Health

Speakers: Atsushi Miyajima, University of Tokyo, Japan  
Harvey Lodish, Whitehead Institute  
Selina Chen-Kiang, Mount Sinai School of Medicine  
David Goeddel, Tularik, Inc.

#### Session 4: Mechanisms of Inflammation and Graft Rejection

Session Chairperson: Lou Matis, Alexion, Inc.

Speakers: Jeffrey Ravetch, Sloan-Kettering Institute  
Maureen Howard, DNAX Research Institute  
Hugh Auchincloss, Massachusetts General Hospital  
Kim Bottomly, Yale University School of Medicine

#### Session 5: Studies of Immune Function in Mutant Mice

Session Chairperson: Laurie Glimcher, Harvard Medical School

Speakers: Michael Grusby, Harvard School of Public Health  
Thomas Tedder, Duke University  
Richard Flavell, Yale University School of Medicine  
Roger Perlmutter, University of Washington

#### Session 6: Apoptosis in the Immune System

Session Chairperson: Mike Lenardo, National Institutes of Health

Speakers: Craig Thompson, University of Chicago  
David Vaux, Walter and Eliza Hall Institute of  
Medical Research, Australia  
Vishva Dixit, University of Michigan  
Abul Abbas, Dana Farber Cancer Institute

Session 7: T lymphocyte Development

Session Chairperson: Steve Hedrick, Univ. of California, San Diego

Speakers: Wendy Havran, Scripps Research Institute  
Steve Jameson, University of Minnesota  
Astar Winoto, University of California, Berkeley  
Leszek Ignatowics, National Jewish Hospital, CO

Session 8: Gene Regulation and Lymphocyte Differentiation

Session Chairperson: Anjana Rao, Dana Farber Cancer Institute

Speakers: Dan Littman, New York University  
Ken Murphy, Washington University  
Meinrad Busslinger, Research Institute of Molecular  
Pathology, Vienna, Austria  
Rudolf Grosschedl, University of California, San  
Francisco

Session 9: Antigen Presentation

Session Chairperson: Kenneth Rock, Dana-Farber Cancer Institute

Speakers: Peter Cresswell, Yale University School of Medicine  
Ron Germain, National Institutes of Health  
Jacques Neefjes, Netherlands Cancer Institute, Netherlands  
Janice Blum, Indiana University
